NATURE OF PE	ROPOSED WORK (a separat	e application is required for each r	equest)	
☐ Lot Line Adjustment Minor Subdiv	sion Major Subdivision	☐ Site Plan Review ☐ Special Permit	☐ Appeal of ZEO Determination	
Project Use/Description: FUNGR	Z LOT SURY	10121010		

¹⁾ Please attach a detailed narrative explaining the specifics pertaining to the proposed use, any anticipated changes to the site, space or floor plans, accommodations necessary for water, sewer, parking, lighting, etc.

²⁾ Review the applicable Code section which applies to the specific application you are pursuing. Responses to the outlined requirements in the Code should be included as part of the narrative. See General Instructions.

²⁾ Provide stamped plans of the property as required by the zoning code including property boundaries, existing site features such as woodlands, floor plains, other natural features, etc., existing structures, approximate well and septic locations and the proposed structure(s). Dimensions must be provided from the proposed building to the front, rear and side property lines. The front setback should be measured from the center of the traveled portion of the road.

³⁾ Refer to the applicable Code section which applies to the nature of the proposed work for more detailed plan submission requirements.

YES	□ NO	Is the access road to the project a Town/County or State Road or highway? (New York State Town Law: \$280-a)
☐ YES	≯ no	Is any of the property within the flood plain? If yes, the flood plain area will need to be clearly labeled and <u>lightly</u> shaded on your survey map.
☐ YES	⊠ NO	Is any of the property within a DEC regulated wetland? If yes, you may be required to contact DEC to conduct a site visit to flag the area.
☐ YES	№ NO	Is any of the property within an ACOE regulated wetland?
☐ YES	⊠ NO	Will one or more acres be disturbed by this project? If yes, you will be required (under NYS DEC regulations) to develop a Storm Water Pollution Prevention Plan (SWPPP) in order to obtain coverage under the State Pollutant Discharge Elimination System (SPDES) General Permit for Stormwater Discharges from Construction Activity.
The proje	ect occurring withi	n 500 feet of (Check all that may apply):
	☐ A municipal Bo	undary
	☐ County or State	Park or recreation either existing or proposed
	State or County	road or right-of-way, either existing or proposed
	☐ State or County	owned building or institution
	☐ Stream or drain	age channel owned by the County or for which channel lines have been established
	☐ Active farm ope	eration within a County Defined Agricultural District
PLEASE	CHECK THE APPR	ROPRIATE SPACE: I consent to the extension of the 62-day Public Hearing and review period. (See instruction item #4.)

General Instructions

Please Read

- 1. Attach hereto a copy of the duly filed deed indicating the current ownership of the subject property. If the owner is a corporation, attach a list of all directors, officers, and major stockholders. If applicant is a contract vendee, then attach a copy of the duly executed contract of sale.
- 2. If the applicant is not the owner, submit a letter signed by the property owner granting authority to the applicant to act on this application. If the owner is a corporate entity or trust, submit a letter signed by the authority of the entity or trust granting authority to the applicant to act on this application.
- 3. The applicant shall submit a list of the names and addresses of all adjoining property owners and of those property owners directly across all road frontages adjoining the proposed development. The list shall also contain the Town of New Lebanon current tax map numbers for each parcel.
- 4. NYS Town Law and/or the Town of New Lebanon Town Code obligates the Planning Board to conduct a Public Hearing with respect to certain projects within 62 days following receipt of a **COMPLETE** application for the project by the Planning Board Clerk. Due to the complexity of many proposals and the numerous technical and procedural requirements of all the applicable laws and regulations, many applications may be found to be incomplete or deficient and therefore, not ready for Public Hearing nor Planning Board approval. Thus, a determination based upon all pertinent facts and circumstances cannot always be rendered by the Planning Board within 62 days. To do so might result in a disapproval when, with further information or changes, and SEQR compliance, approval or approval with modifications might otherwise occur. In such cases, Planning Board staff will notify the applicant of missing or incomplete items in accordance with guidelines laid out in the Planning Board Manual.
- 5. In light of the above, you are asked to indicate, by checking the appropriate space on the application form, whether you consent to the extension of the 62-day public hearing period or review period, for so long as may reasonably be necessary to generate a submission which is complete and in conformity with all pertinent requirements. You may revoke your consent at any time by communicating that fact in writing to the Planning Board Clerk, whereupon your project proposal will be scheduled for the next regularly scheduled meeting of the Planning Board. In doing so, however, this might result in a disapproval when, with further information or changes, and SEQR compliance, approval or approval with modifications might otherwise occur.
- 6. Please be advised that the Planning Board review process often involved engineering, legal, and other professional skills. While the Planning and Building Department staff will provide guidance and assistance within reasonable limits, the responsibility for the proper presentation of the proposal lies with the applicant and the applicant's advisors, and not upon the Planning and Building Department, its staff, or the Planning Board.
- 7. An applicant has the ability to request a meeting with the Building Department and/or the Planning Board Chairperson to obtain guidance on responding to the application. This is a courtesy to assist applicants in preparing for their first Planning Board meeting and does not waive any provisions of State or Town Laws. The Planning Board reserves the right to request additional information not included in the application. Refer to the Planning Board Manual and Town Zoning Code for specifics related to procedures.
- 8. Fee Schedule: Individual fee schedules are listed on the Town of New Lebanon website and are specific to the type of project. These are subject to change from time to time at the approval of the Town Board. Escrow accounts will be established as required by the Planning Board upon the advice of applicable professionals engaged by the Town to assist the Planning Board.
- 9. Additional fees (escrow) may be required in an amount necessary to defray additional costs of special consultants engaged by the Town to assist in the review of an application. The Planning Board will endeavor to provide notice to the applicant in advance of securing a special consultant to allow the applicant time to alter or remove their application before the Planning Board.

Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

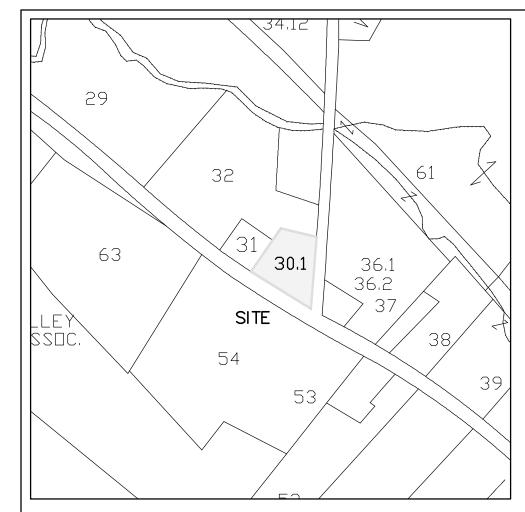

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information 11 NOR ZLOT SUBDICISION				
Name of Action or Project:				
LANDS OF HARRY R. HICKS TRUST				
Project Location (describe, and attach a location map): #1 238 # 12 42 US ROWE ZO, NEW LEDWON, NY 12725				
Brief Description of Proposed Action:				
MINOR SUBDIOISON LINE BETWEEN 2 EXISTING HOUSES				
Name of Applicant or Sponsor:	Telephone:			
HARRY Z. HICKS E-Mail:				
Address:				
City/PO:	State:	Zip Code:		
 Does the proposed action only involve the legislative adoption of a plan, local administrative rule, or regulation? 	l law, ordinance,	NO YES		
If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.				
2. Does the proposed action require a permit, approval or funding from any other government Agency?				
If Yes, list agency(s) name and permit or approval:				
b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned	. 237 acres			
4. Check all land uses that occur on, are adjoining or near the proposed action:				
☐ Urban ☐ Rural (non-agriculture) ☐ Industrial ☐ Commercial ☒ Residential (suburban)				
Forest Agriculture Aquatic Other(Specify):				
Parkland				

5.	Is the proposed action,	NO	YES	N/A
30	a. A permitted use under the zoning regulations?		X	
Í	b. Consistent with the adopted comprehensive plan?		X	
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?		NO	YES	
				X
7.	Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
If Yes, identify:		X		
			NO	YES
8.	a. Will the proposed action result in a substantial increase in traffic above present levels?		图	П
Ì	b. Are public transportation services available at or near the site of the proposed action?		凤	Ħ
1	c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?		Z	
9.	Does the proposed action meet or exceed the state energy code requirements?		NO	YES
If the	e proposed action will exceed requirements, describe design features and technologies:			
				又
10.	Will the proposed action connect to an existing public/private water supply?		NO	YES
	If No describe method for providing notable water.		2000 10,000	
	If No, describe method for providing potable water:	 -	П	冈
			_	
11. Will the proposed action connect to existing wastewater utilities?		NO	YES	
	If No, describe method for providing wastewater treatment:			
				X
10				
	a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or districtly is listed on the National or State Register of Historic Places, or that has been determined by the	t	NO	YES
	amissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the Register of Historic Places?		K	Ш
State	register of Historic Flaces:			
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?				
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?		NO	YES	
		×		
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?				
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:				
-				

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:			
Shoreline Forest Agricultural/grasslands Early mid-successional			
□ Wetland □ Urban □ Suburban			
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or			
Federal government as threatened or endangered?			
16. Is the project site located in the 100-year flood plan?	NO	YES	
	X		
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES	
If Yes,			
a. Will storm water discharges flow to adjacent properties?			
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe:	X		
19 Describe annual edition in hele and the district of the left of			
18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?	NO	YES	
If Yes, explain the purpose and size of the impoundment:	X		
	الثا	ш	
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste	NO	YES	
management facility? If Yes, describe:			
ii res, describe.	X		
	ک		
20.Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or	NO	YES	
completed) for hazardous waste? If Yes, describe:
